

SECUREDRIVE LOAN PROTECTION

GUIDELINES FOR SUMMARY GUIDES

Hello SecureDrive Dealers,

As per the AMF guidelines, the "Distributor" section has been left intentionally blank for SecureDrive Loan Protection Summary Guides, as shown below. All selling dealers must print their NEQ Number i.e., their exact Dealer Name as registered with the AMF in the Distributor section prior to distributing the Essential/Essential Plus and Carefree Summary guides to their clients. Please note that this change is only applicable to all SecureDrive Loan Protection products sold in Quebec.

Please refer to the image below for the applicable section.
