The ultimate vehicle theft deterrent

Your vehicle is a valuable investment, and its theft would cause considerable distress. Dealing with the inconvenience, worry and financial burden of replacing a stolen vehicle can be overwhelming. **With hundreds of cars stolen every day in Canada, and most basic auto insurance not covering theft, it's crucial to take proactive measures to protect your asset.**

Designed to deter theft and increase the odds of vehicle recovery, SecureDrive Anti-Theft Protection is the smart choice for vehicle safety and peace of mind.

How it works

Car thieves target vehicles that present the least amount of risk. With SecureDrive Anti-Theft Protection on board, they will think twice about stealing your vehicle.

Warning decal

A clearly visible window decal warns potential thieves that your vehicle is traceable by the police. Even if the decal is removed, a nearly invisible residue is left behind that glows when exposed to UV light to ensure the panel is permanently marked.

Tracking number

A unique tracking number is discreetly and permanently embedded in various body panel locations throughout the vehicle to improve its traceability.

Stolen vehicle benefits

In the event your vehicle is stolen, SecureDrive Anti-Theft Protection provides benefits to help compensate for your financial loss.

SecureDrive Anti-Theft Protection offers:

Multiple term options

SecureDrive Anti-Theft Protection can be purchased for terms ranging from 24 to 84 months.

Protection for recovered vehicles

Protection for unrecovered or total loss vehicles
